Request for Proposals to Provide Construction Management Services

RFP #091906

July 13, 2009

AMENDMENT NO. 3

The following was submitted for clarification:

Question:

Can MDA provide a list of the projects that are slated to be funded under the programs, including each project's status (how far along – what stage of readiness or completion), and each project's budget, including funding from other sources?

Response:

A list of projects has not been identified at this time. The project type could include harbors, training facilities, fire-stations, and other similar projects. As the projects come online, the services of the construction manager will be utilized when it is deemed that the project is not being implemented according to expected timelines.

By my signature below, I hereby acknowledge receipt of this Amendment No. 3.
